Offline Payment**Company Bank Account**

Bank Name : DBS Bank (Hong Kong) Limited

A/C Name : Mobiweb Solution Limited

A/C No. : 471752789

Terms & Conditions

1. All payments shall be made to Mobiweb by bank transfer, to be received on the Friday of the week the agreement was made. No services shall be provided by Mobiweb until proof of the fee transfer has been confirmed on that day. A reasonable charge may be imposed by Mobiweb if any expedited Services are requested.
2. Customers shall receive the first web design layout within 15 working days after the confirmation and verification has been done by Mobiweb Account Department via phone / email / fax. To provide the most efficient design and production services, sub page(s) will only be developed after the first layout is confirmed by customer via e-mail while approximately 2 - 3 pages can be developed in 10 working days. 2 - 4 working days per page are required for all layout amendments, while shorten layout amendments schedule can be provided upon request. Please contact our relative staff for the additional charges.
3. The change of Name Server (DNS) may take 24~36 hours to update on the Internet.
4. To strengthen the security system of our sites, relocation / upgrade of our servers will be performed on an irregular schedule. This service is free of charge. If a customer's domain parking is not provided by Mobiweb, a

redirection of do main DNS by the customer is needed. Mobiweb will not be responsible for the service fees charged by the do main name service provider.

5. A one-off publishing (installation) service of the customer's web-page is provided for free, if the customer's web-page hosting service is not provided by Mobiweb.

6. Mobiweb only provides the management of on Web Hosting Service; it does not bear any responsibility for the stability of the services provided by customer's other Internet service provider.

7. Mobiweb only provides the Software development of the Web Site/Mobile Apps/Desktop System ; it does not bear any responsibility for the stability of the services provided by customer's other Internet service provider.

8. Mobiweb only provides the Software development of the Web Site/Mobile Apps/Desktop System ; it does not bear any responsibility for the hacking,malware,trojan or any others virus from internet/hackers and third parties.

9. Any Software bugs find in testing or maintenance period, each bug will take 3 - 7 working day to fix

10. No services will be provided unless both brief design and information are fully provided by the customer. All content provided will be examined by Mobiweb; if information is found to be false, no service will be provided until the correct information is received.

11. To avoid any inconvenience or misunderstanding , the above contact person will be the only decision makers in this contract .

12. To avoid any misunderstandings, Mobiweb will only contact the decision-maker under all circumstances.

13. If the decision maker is changed in the future, notify email shall be send to Mobiweb for notification.

14. If the decision maker/ contact person is no longer an employee of the customer and no new decision maker /contact person has been provided to Mobiweb as provided above, the customer hereby agrees to appoint Mobiweb its decision maker/ contact person.

15. The change of the decision maker will take 7 working days to verify; during this time the service under this contract shall be temporarily suspended. Service shall resume after all verification is completed.

16. To change the decision maker, the customer shall be required to provide their certificate of business registration; personal web page customers who do not have any business registration shall be required to provide identification documents of the new decision maker.

17. After decision maker has confirmed the terms and conditions of the services under this contract, customer may only change them with the consent of Mobiweb subject to new and additional fees .

18. Mobiweb will no longer provide any information to the previous decision after a change to the decision maker has been made.

19. The Quotation shall form an integral part of this Contract.

20. For Androids apps development, selected agree model and OS of mobile phone(s) will be used for final testing. The pass of the selected phone(s) represent the pass of the UAT test. Mobiweb has the right to decide the bugs is fix or not within the supported OS and within maintenance period but in different model .
